
Energizer Max AAA E92 Alkaline Battery - Non Rechargeable

Product price:

C\$6.77

Product short description:

Introducing the Energizer Max E92 AAA Battery, a 4-pack of non-rechargeable, high-performance batteries designed to meet both consumer and industrial standards. Each battery features a button top, making them versatile for a wide range of devices.

The Energizer Max E92 stands out for its remarkable similarity to the industrial version of the battery, differing mainly in packaging. These AAA batteries are known for their reliability, excellent build quality, and substantial power. They boast a significant shelf life of 7 years due to their popular alkaline chemistry, ensuring long-term usability.

Available at various retail outlets, including gas stations, Walmart, and Canadian Tire, the Energizer Max E92 has become a household name for its distinctive branding and widespread use across the country.

Key features include:

- Pack of 4 AAA alkaline batteries
- Ideal for devices requiring a 1.5V AAA battery
- Suitable for heavy-duty usage
- Reliable performance for both work and home
- Longevity of up to 7 years,

Product features:
