Product price:

C\$14.63

Product short description:

Energizer Size 312 Hearing Aid Batteries are available in an 8-pack with a user-friendly brown tab and offer the longest-lasting performance in their lineup, with up to 5 more hours of wireless streaming than competitors. These mercury-free, 1.4V zinc air batteries are designed with a capacity of 160mAh and come in a 100% recyclable EZ Turn & Lock package that ensures security and ease of use with longer tabs. They are compatible with all hearing aids that use size 312 batteries and are easily identifiable by the industry-standard color and size code. Each battery is crafted to provide reliable sound quality without the risk of damaging leaks.
